

Intrigo Systems Named to *Supply & Demand Chain Executive's* SDCE 100 Top Supply Chain Projects for 2017

FREMONT, CA—JUNE 22, 2017-- *Supply & Demand Chain Executive*, the executive's user manual for successful supply and demand chain transformation, has selected Intrigo Systems as a recipient of an SDCE 100 Award for 2017.

The SDCE 100 is an annual list of 100 great supply chain projects. These projects can serve as a map for supply chain executives who are looking for new opportunities to drive improvement in their own operations. These projects show how supply chain solution and service providers help their customers and clients achieve supply chain excellence and prepare their supply chains for success.

"Intrigo is honored to be chosen again by SDCE for our work in solving supply chain challenges that increase our clients bottom line," said Padman Ramankutty, CEO of Intrigo Systems. "At Albemarle, Intrigo was able to shorten the S&OP time from four weeks to two and one half weeks using IBP, resulting in less working capital needs and greater visibility."

Intrigo is a leading provider of enterprise and cloud solutions in e-commerce, supply chain and procurement in the dynamic SAP ecosystem.

"Our goal with 2017's Top 100 is to shine the spotlight on successful and innovative transformation projects that deliver bottom-line value to small, medium and large enterprises across the supply chain," says Ronnie Garrett, editor of *Supply & Demand Chain Executive*. "The selected projects can serve as a roadmap for supply chain executives looking for new opportunities to drive improvement in their own operations."

About Intrigo Systems:

Intrigo Systems, Inc. is a premier SAP partner and a leading provider of Advisory, Implementation, and Managed Services. Intrigo has partnered and co-innovated with SAP in the design of the SAP Advanced Planning Optimization component (APO), SAP Integrated Business Planning (IBP), and Ariba Supply Chain Collaboration (SCC).
